Foot-Ball.

Prospects for a Successful Team.

In response to Coach Dickson's call through the different forms, fifty men appeared on the field Monday afternoon. These were all men from the squads of the last two years, no freshmen appearing on the first day.

The work on Monday and Tuesday was of the lightest nature, consisting merely of kicking and catching punts, some starting, and a final trot around the track. Most of the men have appeared in the best of condition as a result of their summer work. The rush on Wednesday prevented any extensive practice, as the crowd did not leave the field until nearly one o'clock. Thursday afternoon found a larger squad on hand and work was much harder. After the preliminary kicking and catching punts the squad was divided into several sections and sent down the field under punts. Men who are trying for back and end positions were then selected from the sections in order to gain proficiency in the forward pass. In response to the appeal for candidates made in the meeting over thirty men appeared Friday afternoon, a number of whom were freshmen. The work of the previous day was resumed, and an exceptional signal was worked. An entire eleven was chosen composed of last year's players and put through the forward pass formations for fifteen minutes.

The men who have thus far appeared from last year's squad are Spier, Aman, Wood, Martin, Law- son, Tressler, Hoffman, Archer, Banks, Trotter, Treble, Trotter, Luckie, Anderson, Reinhart, Brum- baugh, Mervine, E. C. Smith, Snodgrass, Fattinger, Cannon, Har- wig, Tarbel and Priestly. Among the freshmen who are out are Goldsmith, Rapp, Aman, Knox, Paulson, Potter, Satter, Hess, Rice, Einstein, Love, Fuller and Hazard, Goldsmith, Knox, Don- aldson and Potter have shown up particularly well.

It is too early to make any definite forecast in regard to the success of the season although present appearances indicate a stronger eleven than last year. The back field will probably remain intact, thus avoiding the inconvenience of transferring training back. The greatest credit is due the freshmen, several players have been lost by graduation but there appears to be material competent of taking their places.

Although there are not as many games in this season's schedule as in last year's it is a much harder one, for there are stronger teams to meet. This will necessitate a larger number of substitutes and indeed a larger squad than in the past.

Opening Day.

College Formally Opens.

Advancements and Appointments.

The formal Opening Exercises occurred in the Packer Memorial Chapel at 3:30 Wednesday. An address by President Drinker followed the exercises.

Dr. Drinker extended a hearty welcome to the incoming class in the name of the College, and urged them to live up to its traditions. He stated that the following advancements had been made by the Trustees at their meeting in June:

J. W. Miller, B.S., M.A., Ph.D., to be Assistant Professor of Mathematics and Astronomy; S. S. Sey- bert, E.E., Assistant Professor of Mechanical Engineering; E. F. Leib, E.E., Assistant Professor of Mechanical Engineering; E. H. Inglis, B.S., Assistant Professor of Geology; Joseph Dan- iels, M.S., Assistant Professor of Civil Engineering; F. R. Ash- baugh has been appointed Bursar of the University. He has also been made Manager of the Supply Bureau, the management of which was assumed by the University last spring at the request of the student body.

Also the following appointments have been made to the teaching staff: R. G. Fogg, B.S., Instructor in Civil Engineering; R. E. Hen- dricks, B.S., Instructor in Civil Engineering; H. A. S. Howarth, Ph.B., Instructor in Mechanical Engineering; E. T. Leib, E.E., Instructor in Physics; Edgar T. Wherry, B.S., Instructor in Min- eralogy; Walter K. Van Haagen, B.S., Instructor in Chemistry; Ed- win E. Reine, B.A., Assistant in Biology; John M. Toothy, Assistant in German.

The exercises concluded with the singing of the Alma Mater.

DORMITORY ELECTIONS.

In response to Dr. Drinker's request a large number of dormitory men met in the auditorium of Drown Hall on Saturday. Dr. Drinker stated that he was satisfied with the method of government which had been in vogue in the dormitories during the past year and wished it continued. As a result of the election of the section heads Saturday night and Sunday the following men were elected section heads:

FRESHMAN CLASS MEETING.

Immediately following the college meeting on Friday morning the initial gathering of the Fresh- men was held at the Hotel Lehigh. The meeting was held in Sanou Hall. A short business meeting was presided over by President Raynor, who was chosen to the office of Leader in a temporary manner on the opening day. Plans for the events connected with Founder's Day on October 8 were discussed briefly, and several committees were appointed to take charge of the different matters. As chairman of the Finance Committee H. A. Porter was selected, while K. G. Potter was chosen as the head of the Foot- Ball Committee. President Raynor appointed A. T. Scott, chairman of the Track Committee and W. T. Height as Base-Ball Leader. Meetings of these several committees have been held and already the three athletic departments are at work. Friday afternoon saw a goodly number of candidates out for the Freshman Track Team and also for the Foot Ball Team, while a wealth of fine material showed up for the Base-Ball Squad. The several teams give promise of being good ones as a number of Prep School Stars are numbered among the members of the first year class this year.

BAND REHEARSAL.

The first band rehearsal will be held on Thursday night at 7:30 in the Physical Laboratory. All of last year's members and any Fresh- men who play instruments are requested to attend.

TUESDAY, SEPTEMBER 22, 1908

With this issue, The Brown and White stars its sixteenth year. Owing to a sudden change in printers we were unable to publish the opening issue on Opening Day, as has been customary. We feel that this change in printers has been an advance. We now feel confident that the delays in the appearance of an issue, that were unavoidable last year, will no longer occur.

To the old men in College we need no introduction. The new men we wish to welcome most heartily. You have four good years before you and it is up to you to make the most of it. In proportion as you work for Lehigh so much will Lehigh give you back. Remember that, though you must not neglect your daily work, to become a well rounded man you must enter into other phases of College life. Take this advice, get out for things around College and keep out until you make good and find your level.

We wish to call the attention of the men in the two lower classes to the fact that membership on The Brown and White Board is obtained through a fair competition. There are three vacancies to be filled from the Sophomore Class and live from the Freshmen. All men wishing to enter this competition will be on hand at the Publications’ Room in Brown Hall at five next Monday afternoon.

The business management wishes us to announce to our Alumni subscribers that in compliance with a state law that all who have not paid their last year’s subscription cannot be kept on the mailing list. Therefore after Oct. 1st all such subscriptions will be stopped.

The Department of Ancient Languages and Literatures are now located in Christmas Hall. The large room on the second floor formerly used as a meeting room by the Y. M. C. A., has been remodeled to make two recitation rooms and a library for the School of General Literature.

The Department of History and Economics has been transferred to the Chemical Laboratory.

According to the daily papers Lafayette has had about fifty men out for Foot-Ball the last few days, Lehigh’s highest number was forty. Lafayette has about four hundred students. We have seven hundred. Draw your own conclusions.

OPENING RUSHES.

The incoming Freshman Class and present Sophomore class for the first time this year the Freshman Class, September 16. Preparatory to the rush the two classes assembles on the lower drive way just beneath the terrace in front of Packer Hall, instead of the upper drive way, as has been the custom in past years.

The equality in numbers on both sides rendered a decisive advantage to either side an impossibility and both classes with rather good banner at the end of the third rush. After midnight however the Sophomore intrenched themselves in the Delta Upsilon House to which they brought a number of Freshman captives for carrying water buckets. About 4 A.M. the Freshman rushed a dozen Sophomores in front of the Physical Laboratory and tied them securely with ropes with which they had been provided beforehand. The remainder of the night was devoted in pulling down Sophomore posters.

A large crowd witnessed the Annual Banner Rush which occurred on the Athletic field immediately after the opening exercises Wednesday. The Freshmen marched down to the athletic field from the Gymnasium by two by two, where the Sophomore’s were lined up on the west end of the field. The Freshmen faced them with a 1912 banner on a second flag. After a hard contest, although outnumbered, the Sophomores won, thus securing the banner, which was cut up and distributed for souvenirs among the 1911 men.

HAZING.
Although hazing thus far has been of a moderate character, Taylor Hall has been the scene of several unique hazing bees, which have afforded considerable amusement in the upper classrooms at least to all the 1912 victims.

Saturday night a number of enterprising freshmen were invited to attend a party at the Dormitories, Section B, at which plans for Founder’s Day Sports would be discussed and enthusiasm aroused. True to their promise to attend, the unsuspecting victims assembled for the party and the Sophomores, waiting their coming, gleefully gave it to them in the form of shoe shining, the old game of ‘What the Miller Tell, going through the mill, shoe race and other equally amusing tests of skill and fortune. Those who failed to materialize were hunted up and an extra dose administered. To the great satisfaction of the guests the plans was concluded by P. M.
